

# Ritik Bhawsar

## Software Engineer

### Personal Summary

---

Enthusiastic software engineer with hands-on experience in developing Python-based solutions and building data analysis models. Adept at machine learning and data visualization, with a strong academic background in software engineering.

### Skills

---

Python  
Flask  
Data Science  
Machine Learning  
Power BI  
SQL

### Experience

---

#### Python Developer Intern

Octa Net Services | June 2024

Developed Python-based solutions for web applications and services.  
Collaborated on building data analysis models.

#### Data Science Intern

The Spark Foundation | Nov 2023 - Feb 2024

Analyzed datasets and built machine learning models.  
Collaborated with the team to design visualizations using Power BI.

### Education

---

#### Bachelor of Technology

RGPV University Bhopal | Graduation Year: 2024

Specialized in software engineering and security. Achieved an 8.21 CGPA.

## Certifications

---

Python for Machine Learning & Deep Learning

Data Science with Python

Data Analytics with Microsoft Excel
